Activities that relate primarily to Utilities

Council's activities relating to Utility Services are:

Rural Water Supply	Page 67
Urban Water Supply	Page 69
Sewerage	Page 75
Stormwater	Page 79
Waste Management	Page 82
Waimate Aerodrome	Page 86

Council's Utility Services provide the essentials of life for our community. Clean water supply for people, water for animal use, irrigation, and emergency management.

A network to remove sewerage from urban homes.

A network to remove surface water in urban areas.

A collection and disposal service for solid waste that encourages recycling and reduction will address a significant rates cost to our ratepayers.

Provision of an aerodrome, for largely recreational purposes, but may assist in emergency management.
