

Waste Management

Waimate 2020

Waste Management

What Do We Do Now?

Provide a weekly bin or bag refuse collection to urban areas of Waimate and St. Andrews and a weekly bin collection to rural communities. Operate Resource Recovery Park (RRP) to recycle material and transfer residual waste to landfill in Timaru District. Resource and support education on recycling and reduction programmes.

Tasks

Tasks are the routine matters that Council will attend to every year, in order to maintain service levels set in agreement with our community.

- Maintain an environmentally sound location for waste collection.
- Support the 'Green Bag' (reusable utility bag), program by public promotion and education.
- Operate a resource recovery park for recyclables and provide transport of residual waste to landfill in Timaru District.
- Provide weekly solid waste collection via bins or bags in Waimate and St. Andrews.
- Monitor and maintain all closed Waimate District Council landfills.
- Liaise with community and implement waste minimisation projects.
- Initiate a waste minimisation education programme.
- Jointly fund a hazardous waste removal and disposal service with Environment Canterbury, (ECan) and the Ministry for the Environment.
- Liaise with community and implement waste minimisation projects.

Why Do We Do It?

Solid Waste Management is necessary for the health and wellbeing of the community and environment. It supports business activity and should encourage waste minimisation across all sectors. Council has a statutory requirement to ensure adequate solid waste services are provided.

The Council also aims to eliminate all uncontrolled disposal of waste and the storage of potentially harmful substances where no longer required for immediate use

Our Service Levels

To achieve the following levels:

Provide and maintain drop off recycling services at the Resource Recovery Park for the following streams: paper, cardboard, cans, scrap metal, green waste, clean plastics and container glass.

Maintain opening hours at Resource Recovery Park.

- Summer: Tues/Thur 3-7pm, Sat/Sun 10-12noon, 3-7pm.
- Winter: Tue/Thur 3-5pm, Sat/Sun 10-12 noon, 3-5pm.

Maintain bin and bag collections weekly (for serviced areas).

Maintain recycling crate collections weekly (for serviced areas).

Maintain collection of bins and bags for urban and rural areas based on the 2004 route.

Monitoring of discharge from closed landfills and Resource Recovery Park in compliance with E-Can resource consents.

Provide drop-off recycling locations at St.Andrews, Morven, Glenavy and Waihao Downs.

Waimate 2020

Outcomes Supported By This Activity

This activity supports the following Community Outcomes as described in the second volume of this plan.

- The well-being of all age-groups is achieved.
- The security and safety of the community and its citizens meets their needs.
- The District is visually attractive.
- The natural and rural environment is protected.
- Sustainable development is a feature of the District.
- Waste is not detrimental to the environment.
- The economic infrastructural needs of the District are met.

How Do We Get There?

The Council will play its part in achieving the above outcomes by continuing to conduct the relevant tasks that we do now and by extending into new projects as agreed with the community.

Projects

Projects are special works that are initiated by Council which by their development and ongoing maintenance will enhance community outcomes.

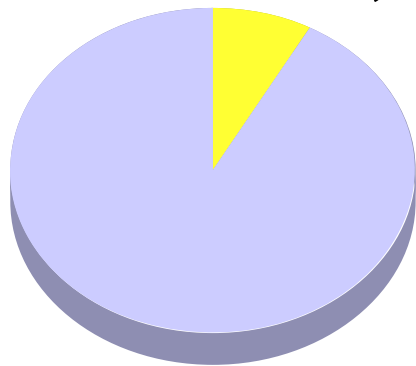

- Offer alternatives to plastic bags for waste collections. No Consultation needed - Project has not started.
- Provide separated disposal facilities for green waste, cardboard, newspaper, cans, scrap metal and glass. No Consultation needed - Project is in progress.
- Partner with “Whitehorse Recycling Inc.” to introduce kerbside recycling. No Consultation needed - Project is in progress.
- Maintain the infrastructure to divert all the organic portion from landfill. No

Consultation needed - Project has not started.

- Produce and maintain an advanced Solid Waste Management Asset Management Plan. No Consultation needed - Statutory requirement.
- Provide special collection days for specific materials to simplify environmentally sound disposal. No Consultation needed - Project is in progress.
- Build covered work areas for use by “Whitehorse Recycling Inc.”. No Consultation needed - Project complete.
