A Guide to the 5 Volumes of the Plan

Waimate 2020

Finding your way through the complete Plan

The complete Plan consists of 5 Volumes plus a very brief Summary.

Each Volume deals with different parts of the Plan and this is a guide to where to find the information you seek.

There are other documents that the Council uses to support this Plan such as Asset Management Plans for the main services such as Water Supplies, and Roading works, and a number of other Policy Documents.

Volume 1

Volume 1 provides a full overview of the contents of the LTCCP.

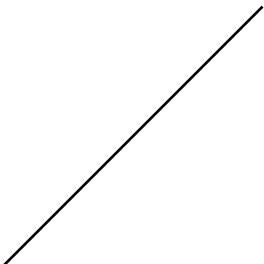

The main part of the document describes how the Council works and the way in which it is structured along with information on how the interests of residents are protected.

The way the Council involves the Community in its decision-making and the methods used for accessing “the voice of the community” are fully covered.

The last part describes how the Council will show its success in achieving the Community’s expectations of its performance.

The Main Contents of each Volume

Volume 1	_____
Volume 2	_____
Volume 3	_____
Volume 4	_____
Volume 5	_____

Waimate 2020

Volume 2

This Volume outlines the Community's vision for its future and the Outcomes it is looking for as the District develops.

The Purpose and the role of the Council in achieving the Outcomes is defined and a set of Strategic Objectives are described from which the varied everyday responsibilities of the Council can be determined.

These everyday tasks are described along with Projects the Council will undertake to support the Community Outcomes.

Council's normal partners in its operations are described and the role of the Council and these other partners are shown for all Projects and Tasks.

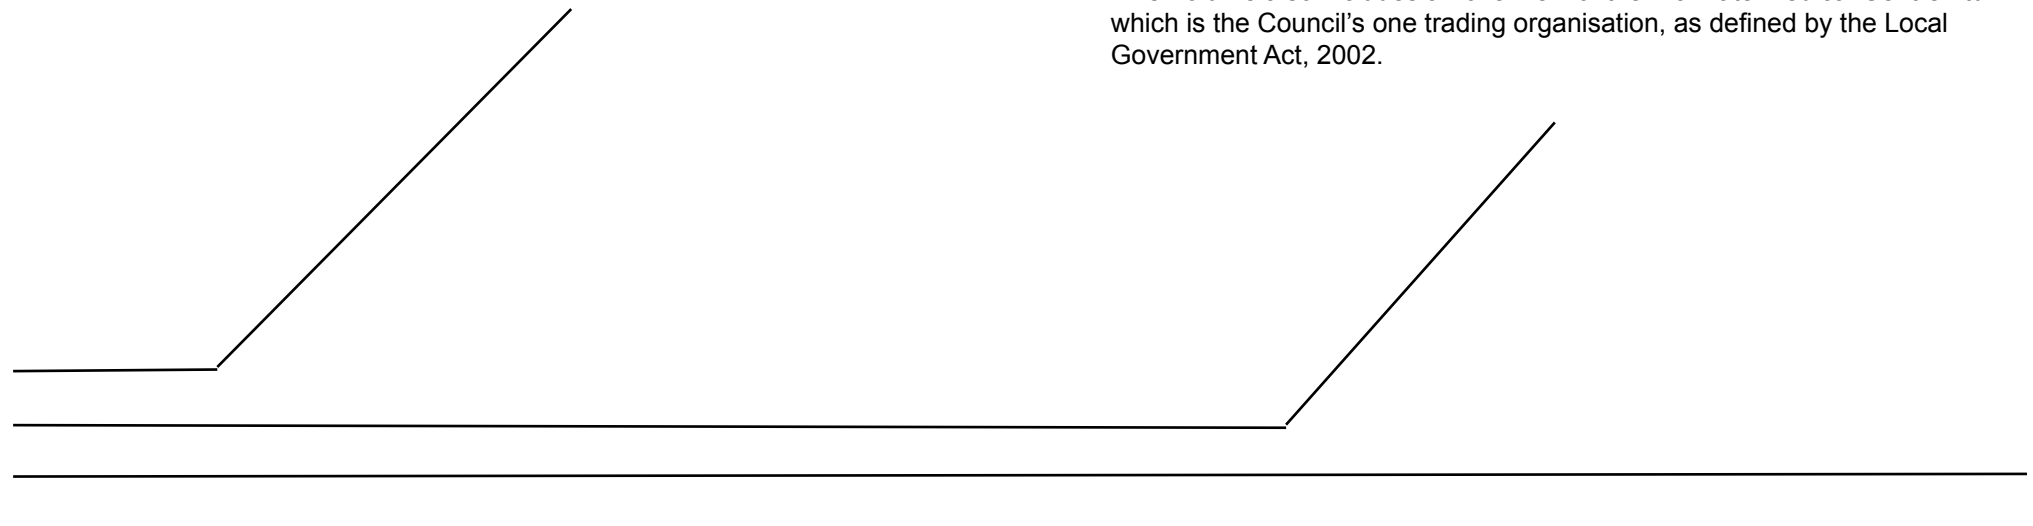

Volume 3

Volume 3 consists mainly of Activity Management Plans. Each activity that the Council performs is described, outlining what it is that the Council does, why it should do it, and what it will do to make this activity continue to support the Community Outcomes.

Also, each activity has identified Service Levels which describe what the Community expects in how the service is provided. For example: it may define opening hours for a building or response times for repair work.

Financial information on expenditure and income is shown for each activity along with an indication of the proportion of Council's overall operating and capital expenditure which relates to each activity.

This Volume also includes an overview of the Waimate Medical Centre Ltd which is the Council's one trading organisation, as defined by the Local Government Act, 2002.

Volume 4

Volume 4 contains financial statements that describe the situation of the Council as a whole rather than separately by Activity as included in Volume 3.

It also includes some of the Council's Policy documents as required by the Local Government Act, 2002. These describe how the Council sets its rates and where funding will come from for its activities. They also cover the way in which finances will be managed, including investments and borrowing, and the situations where rates may be remitted or reduced.

Other Policies cover, development contributions, and how the 'significance' of decisions is determined.

Other sections describe the schedule of Fees and Charges for all Council activities and how the Council will approach consultation with Maori.

Volume 5

Volume 5 contains two key technical documents. The first is an assessment of the District's current and future needs for Water and Waste Water services.

This includes a plan for managing Solid Waste Collection and Disposal.

These are technical documents that the Council has been required to generate by the Local Government Act, 2002.

Please see below for how to make a submission on this Draft Community Plan.

Submissions close Friday 15th April 2005 at 4.30pm.

When preparing your submission, please note the following points:

- You can use the form on the following page if you wish. If you do not use this form, please include your name, address and contact telephone number on the first page of your submission.
- It will help us process your submission if you clearly state the issue(s) you want the Council to consider, what specific action you think the Council should take, and why that should be done.
- Your submission should also refer to the volume and page number of the Draft Plan where possible, if relevant.
- Between the 26th April and the 20th May, other citizens will have an opportunity to comment on all submissions.
- If you wish, you can present your submission at a hearing. (If that is the case, please state this in your submission). The hearings will be held on Thursday 2nd June and Friday 3rd June 2005. The maximum time to be allocated for hearing each submission, including time for questions, will be determined once the number to be heard is known.
- We are legally required to make all written/electronic submissions available to Councillors and to the public. This includes the name and address of the submitter. All submissions will be published from 20th April 2005.

- No anonymous submissions will be accepted.

You may make your submission....

- By mail.

Please mail your submission to

Waimate LTCCP,
PO Box 122,
Waimate.

- By email

Please email your submission to ltccp@waimatedc.govt.nz

- By Fax

Fax to 03-689-8075 marked attention of the Chief Executive Officer.

- At the Council Offices

Your submission may be handed over at the counter of the Local Government Centre in Queen Street, Waimate, during normal opening hours, (8.30 to 4.30 weekdays).

Please note that your full name and address must be included in your submission.

Please remember to indicate if you wish to present your submission in person.

Please ensure your submission arrives no later than Friday 15th April.
