

WAIMATE DISTRICT CONSOLIDATED BYLAW 2008

CHAPTER 10

10 STOCK MOVEMENT

1000 SCOPE

- 1000.1 The objective of this chapter of the Bylaw is to control the movement of stock along and across roads to ensure:
- The safety of all road users is not compromised
 - The inconvenience and nuisance to all road users is minimised
 - The road structure and surface, and other utilities and structures within the road reserve, are not damaged
- and at the same time recognising that farmers need to use the road in some cases to move stock in order to manage their farms efficiently.
- 1000.2 To meet the objectives of this Bylaw the following situations are covered:
- The droving of stock along roads where no specific approval is required, as long as certain conditions are met
 - The droving of stock along roads in other situations where specific approval is required
 - Where droving of stock is not permitted on some roads and in some circumstances
 - The regular movement of milking stock from one side of the road to another or between farms, which requires a stock crossing.

1001 STOCK DROVING PERMITTED

- 1001.1 A person may move livestock along or across any road in the following situations and when the following conditions are complied with:
- 1001.1.1 When returning livestock to a farm in the case of an escape or an emergency on any road, including those named in First Schedule attached to this chapter of the Bylaw.

- 1001.1.2 On any road not named in First Schedule attached to this chapter of the Bylaw, provided the following conditions are met:
- It is during the hours of daylight
 - There is sufficient visibility to render clearly visible a person, vehicle or livestock at a distance of at least 170 metres
 - It is more than 10 metres from an urban residential zone boundary
 - The number of livestock in any one mob shall not exceed 600 head of cattle or 3,000 head of sheep or 50 head of other livestock
 - Each mob shall be accompanied by one experienced drover for any number of cattle up to and including 300 head, or for any number of sheep up to and including 1,500 head, and by two experienced drovers for any number of cattle exceeding 300 head or any number of sheep exceeding 1,500. For livestock other than cattle or sheep, each mob shall be accompanied by two drovers.
 - Each mob shall be accompanied by at least two pilot vehicles, one of which shall maintain a distance of more than 200 metres in front of the first animal in the mob and the other of which shall maintain a distance of more than 200 metres behind the last animal in the mob, or approved signs no more than 2 km from the stock being moved
 - The drover shall keep the animals moving along the road at all times so as to make reasonable progress towards the destination
 - Animals shall be moved in such a manner and using only such points of access and exit to and from the road so that danger to other road users and damage to the road, road reserve and any Council or private property be minimised
 - Tired, injured or dead animals shall be removed immediately from the road reserve.

1002**REGULAR MOVEMENT OF MILKING STOCK**

- 1002.1 The regular droving of milking stock from one side of the road to another is only permitted when a Stock Crossing

Permit has been issued. Such conditions as applicable maybe applied to any crossing.

- 1002.2 The regular movement of milking stock is not permitted on roads in the Second Schedule of this Bylaw, and so a Stock Crossing Permit will not be approved for these roads.
- 1002.3 Where it is possible and reasonable to drive the milking stock along an alternative road on private land then this shall be used rather than the road. In these cases a Stock Crossing Permit will not be approved.
- 1002.4 The Council may from time to time set administration and inspection fees to be paid. These must be paid at time of application for a stock crossing permit.

1003 STOCK DROVING PERMITTED WITH SPECIFIC APPROVAL

- 1003.1 A person may move livestock along or across any road in the following situations only if written permission is obtained from the Council and the conditions set in that approval are complied with. The Council may refuse permission if there is a high risk to road safety and inconvenience to road users, and/or a high likelihood of damage to property:
- 1003.1.1 On any road named in the First Schedule attached to this chapter of the Bylaw where the stock are being moved from one part of a farm to another part of a farm and no other suitable route is available. In this case the conditions in Clause 1001 will apply, and time of day restricts and extra traffic management requirements may be required depending on the particular circumstances. These will be discussed and agreed with the person seeking permission.
- 1003.1.2 On any road within urban residential boundaries.
- 1003.1.3 Where conditions in Clause 1001.1.2 cannot be met.

1004 STOCK DROVING NOT PERMITTED

- 1004.1 No person shall move livestock along or across any road in the following situations:

- During the hours of darkness.
- At any time when there is not sufficient visibility to render clearly visible a person, vehicle or livestock at a distance of at least 170 metres.
- Within 10 metres of an urban residential zone boundary, except as defined in 1002.
- On any road named in the First Schedule attached to this chapter of the Bylaw, except as defined in Clause 1002.
- During any period when the road is closed or traffic flow is restricted because of road works, flooding or an emergency, Council staff (including but not limited to authorised officers) have discretionary power either to halt mobs in one place with a view to restricting their movement or to re-direct mobs along such other road or roads which in the circumstances are more appropriate.

FIRST SCHEDULE**ROADS IN THE WAIMATE DISTRICT UPON WHICH STOCK MOVEMENT IS NOT PERMITTED OR RESTRICTED UNDER CLAUSES 1001, 1002 AND 1003 OF THE BYLAW.**

McNamaras Road

All other roads within the District Plan Zoned Residential.

SECOND SCHEDULE**ROADS IN THE WAIMATE DISTRICT UPON WHICH REGULAR MOVEMENT OF MILKING STOCK MOVEMENT IS NOT PERMITTED**

Road Name	Start Name	End Name
